Dear Parents, Guardians, and Students:

On behalf of the entire school corporation, I enthusiastically welcome our new and returning students to Shoals Jr/Sr High School! Our primary focus is the pursuit of academic excellence, each and every day. We believe that high expectations are necessary for high achievement; that mutual respect is critical to the total learning environment; that family involvement in student education is not only welcomed, but expected because it contributes significantly to student success; and that students must be responsible and active participants in their academic experience.

The purpose of this handbook is two-fold: to provide a general overview of the academic and extracurricular opportunities that Shoals Jr/Sr High School offers its students and to explain the rules and policies of the school for which each student is responsible. It is very important that parents, guardians, and students become familiar with the behavioral expectations of our school. The policies and procedures contained in this handbook are the results of a joint effort on the part of our entire educational community and we are thankful for their respective efforts.

Shoals Jr/Sr High School strives everyday for a reputation of excellence, and we pledge to challenge our students to meet the goals which have been set, to carry on traditions from valued alumni, and to make our school ever better. Going forward, if you have any questions on any information provided in the Student Handbook, please do not hesitate to contact us. We genuinely look forward to working together with all students, parents, and guardians to make 2016-2017 the best school year possible at Shoals Jr/Sr High School!

Together with our shared vision of excellence, we can realize each day how GREAT it is to be a Shoals Jug Rock!

Sincerely,

Mrs. Kindra Hovis
Principal

School Closing

Please listen to local radio stations for school information. We will call the following radio and TV stations for school closings, information and athletic cancellations or rescheduling. **Please do not call school officials, unless it is essential.** Telephones must remain open for emergency communications. If school is cancelled due to weather, the general philosophy is all school activities are cancelled for that evening. The only possible exception is varsity athletic events where rescheduling is sometimes next to impossible. Playing a varsity athletic contest on a day when school is cancelled will still depend on road and weather conditions at the time of the event. If school is dismissed early due to weather, all school activities are cancelled for that evening.

It is the policy of the Shoals Community School Corporation not to discriminate on the basis of race, color, religion, national origin, age, or disability in its programs or employment policies as required by the Indiana Civil Rights Act (I.C. 22-9.1), Title VI and VII (Civil Rights Act of 1964), the Equal Pay Act of 1973, Title IX (Educational Amendments), and Section 504 (Rehabilitation Act of 1973).

Shoals Community School Corporation is committed to equal opportunity and does not discriminate on the basis of age, race, color, sex, handicapping conditions, or natural origin including limited English proficiency, in any employment opportunity. No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or student activity.

If you have experienced discrimination in such educational programs or activities, written inquiries about procedures that are available and for consideration of complaints alleging such discrimination should be directed to the Civil Rights Compliance Coordinator who is Mrs. Candace Roush, Shoals Community School Corporation, 11741 Ironton Road, Shoals, IN 47581, Phone 812-247-2060. Mrs. Roush is also the Title IX Coordinator.

The Section 504 Coordinator for grades 7-12 is Mrs. Kindra Hovis, Shoals Jr./Sr. High School, 7900 US Highway 50, Shoals, IN 47581, Phone 812-247-2090.

Admission From Private Schools

According to the Shoals Community School Corporation Board Policy Handbook, the following policy will be followed before a student from a private school will be allowed to enroll in the Shoals Community Schools:

1. Credits from private schools will be accepted at face value if the private school is commissioned by the Commission on General Education of the State of Indiana.
2. Credits from non-accredited private schools will not be accepted at face value. The Superintendent shall require a battery of tests from the Shoals Community School Corporation assessment program to determine grade placement, or he shall require evidence of credit equivalency. The evidence for equivalency may include an evaluation of teachers' licenses, a course of study from the private school and results of nationally normed standardized achievement tests.
3. The final decision regarding matters of student grade placement will be the responsibility of the public school officials.

Policy For Exchange Program

Number of International Exchange Students:

Shoals High School will accept no more than five exchange students per year.

Timing of Placement Process:

- Shoals High School asks that organizations contact the school each year to indicate an interest in placing exchange students.
- Exchange organizations should submit student and host applications as early as possible or up to two weeks prior to the school's start date.
- Host families should schedule an appointment with the school counselor the week prior to registration to complete enrollment paperwork for exchange students.

Selecting Student Exchange Programs:

- Shoals High School reserves the right to work with exchange organizations that have proved their commitment and responsiveness.
- The school will also be open to new organizations that demonstrate a commitment to the school and community.

School Expectations for Student Exchange Programs:

Shoals High School reserves right of final approval on all student placements. Each individual student exchange program must:

- Be listed in the most current Council on Standards for International Educational Travel (CSIET) Advisory List (for a current list visit www.csiet.org).
- Maintain a network of qualified and trained local representatives living in or near the community, with responsibility for each student. Also, provide orientation and ongoing support for both the host family and student.
- Provide continuing monitoring of student selection and preparation, selection and screening of host families, ongoing contact with host family and student, and communication with school officials.
- Receive school enrollment authorization for individual student placement each year prior to contacting potential host families. Follow school policy on timing and requirements. The school should receive a complete student applications packet to review prior to enrollment authorization.
- Arrange host family placements before exchange students leave their home country. Exchange students are expected to be in their host family and school placements by the first day of classes.
- Personally interview and screen all potential host families, matching student and family interests and personalities.
- Provide proof that the student has sufficient language ability to function in an American classroom.
- Provide necessary medical history, including proof of immunization as required by the school district, and medical/physical restrictions and a recent physical exam with proof of required immunizations.

School Expectations for Students:

- Each exchange student must be qualified to participate in regular classes and maintain a typical schedule. This means an acceptable level of proficiency in the English language, a commitment to treat course work as important, and the social skills to enjoy participation in social and extra-curricular activities.
- Exchange students and host families are expected to know and must follow all school policies and rules.
- Exchange students must have medical and accident insurance that exceeds the U.S. Department of State guidelines.
- Exchange students will understand that they will not be granted diplomas; however they may participate in commencement ceremonies.

Grades and Grading System:

The school year is divided into four grading quarters. There will be a mid-term grade report for each of the grading periods.

In order to create uniformity with grading practices, all teachers will use a common grading scale. The following scale will be used to represent the values of letter grades when contacted by outside agencies. All teachers will use the following scale:

Excellent or superior	A+	100-98	— Classroom work only (before extra credit)
	A	97-93	
	A-	92-90	
	B+	89-88	
Above average	B	87-83	
	B-	82-80	
	C+	79-78	
Average	C	77-73	
	C-	72-70	
	D+	69-68	
Below average	D	67-63	
	D-	62-60	
Failure	F	60 and below	
Withdrawn	WD		
Withdrawn Failure	WF	(Withdrawn after the drop/add period has passed or withdrawn because of behavior problems)	
Incomplete	INC		

Honor Roll

The counselor will compile an honor roll after each grading period and the semester. The senior high honor roll will be computed on all courses including physical education. Junior high honor roll will be computed on all courses that meet for at least one semester including physical education.

The following levels of honors will be computed:

All A's	4.00	All A's in all subjects including F&P classes
Distinguished	3.7-4.00 GPA and no failing grade	
Honor Roll	3.00-3.69 GPA and no failing grade	

Class Rank and Grade Point Average

A student's rank in class is computed by dividing the total number of grade points earned in all classes for which credit is given, starting with the first high school semester grades, by the total number of credits attempted. Algebra I taken in the eighth grade will be computed in the total.

When a course is taken more than one time, both grades will be used in the computing of grade point average.

Differential weighting will be used as a means of assessing the difficulty of classes when figuring GPA. Points will be assigned to regular classes on the following basis:

A+	4.3 points	C	2.00 points
A	4.00 points	C-	1.7 points
A-	3.7 points	D+	1.3 points
B+	3.3 points	D	1.00 points
B	3.00 points	D-	0.7 points
B-	2.7 points	F	0.00 points
C+	2.3 points		

Weighted Courses for the class of 2012 and Beyond

Pre-Calculus, AP Calculus, Spanish III, Spanish IV, AP US History, or any Dual Credit College Course

Semester Grades

The two nine week grades and final exam will be used to compute the semester grade. Each grading period will have equal value.

To figure semester grades take the total of each nine weeks percent multiplied by .40 and the final exam percent multiplied by .20. The semester grade will be assigned based on the average of the two nine weeks grading period percentages, not the nine week letter grade.

Semester grades are recorded on permanent records and the credit is recorded at the end of the semester.

The following percentage scale will be used to assign semester grades:

A+= 100-98	C+= 79-78
A = 97-93	C = 77-73
A- = 92-90	C- = 72-70
B+= 89-88	D+= 69-68
B = 87-83	D = 67-63
B- = 82-80	D- = 62-60
F = 60 and below	

Finals—Final exams will be given to all students at the end of each semester. A space has been provided on the student report card where the final exam grades will be registered.

Incompletes

An incomplete grade (I) is occasionally given when, because of illness or other unusual circumstances, work cannot be completed by the end of a grading period. Upon return to school, the student must make immediate arrangements as to how and when the work may be made up. Incomplete grades must be made up within two weeks after the end of a grading period unless other arrangements have been made with the teacher, counselor, and principal.

If not completed or arrangements for extension are not approved, the grade will become an automatic "F" after two weeks.

Incomplete grades for a grading period must be made up within the first two weeks of the next grading period. The exception to this will be for a senior in the last grading period. All work for a senior must be complete by the last day of school or the student will receive a "0." When a nine weeks grade has been finalized (either all work has been turned in or the 2 week period for make up work in the previous grading has ended) students may not make up any work from the previous grading period.

The only exception to this rule would be: Changes may be made due to the school or teacher error. The changes could be made only if: 1) the change would help the student's grade 2) both the teacher and principal must agree on the change.

Changing or Dropping a Class

Only rarely will students be permitted to make a course change after school starts, except in cases of error, change of placement, or other reason approved by the counselor. The deadline for such changes will be 5 school days after the start of the semester. A grade of WF (withdrawal failure) is recorded for a course dropped after this one week period. WF is equivalent to an "F" when GPA is calculated.

Auditing a Class

Auditing a class is defined as taking a class without credit. Although no credit is earned, all assigned work must be completed, all tests must be taken, and attendance is mandatory. No grade is given for the audited class and the audited class is not included in the students grade point average or class rank. The counselor and the principal decide whether or not a class may be audited with input from the classroom teacher. The final decision will be based on the needs of the student and the nature of the class audited.

Upon approval to audit, a contract must be signed by the student, the parent/guardian, the teacher and the principal.

Grade Classification

To be classified by grade, high school students must have earned:

1. 10 credits to be in Grade 10
2. 20 credits to be in Grade 11
3. 30 credits to be in Grade 12
4. 40 credits are required to graduate

 8. No student shall be denied the opportunity to take the graduation examination once every semester beginning with the school year after the school year in which the student first takes the examination. (Indiana State Board of Education; 511 IAC 5-3-3) OR
- III. A student who does not receive a passing score on the graduation examination may be eligible to graduate if:
 1. The principal certifies that the student has completed all components of the Core 40 Curriculum established under IC. 20-30-10-1 with a grade of “C” or higher in all required and directed elective courses. (Indiana State Board of Education; 511 IAC 5-3-2)
 2. The student must otherwise satisfy all state and local graduation requirements.
 - IV. Starting with the graduation class of 2012, the sophomore graduation exam (GQE) will be replaced by end of the course assessment exams in English, Math and Science. Science is not required to graduate.

Graduation Ceremony

At the graduation ceremony students may only wear cords that are issued through school sponsored groups. Students may not wear cords that have been purchased by parents from educational programs.

Retention in Grades 7 and 8

Retention of students in grades 7 and 8 will be determined by recommendations made to the principal by the counselor and the classroom teachers involved with that student. Students who receive two or more failing grades for the semester in the core

courses of Social Studies, Math, English, and Science may be retained. Other factors such as number of times the student has been retained, age, social adjustment, and other factors, including attendance, NWEA Scores, ISTEP Scores, will be taken into consideration.

Withdrawal from School

IC 20-33-2-9 makes it more difficult for 16- and 17-year-old students to withdraw from school via the exit interview process. Added to the present law that requires the written consent of the principal and student's parent for the student to withdraw is the requirement that the withdraw must be due to:

- a. Financial hardship,
- b. Illness, or
- c. An order by a court that has a jurisdiction over the student.

Student Behavior

The Shoals Community School Corp. Board of School Trustees recognizes that certain standards of behavior are necessary to insure that an environment conducive to learning can be maintained. This environment should first come from self-discipline and consideration of the rights of others. If self-discipline fails, regulations for school behavior must be outlined by those responsible for the operation of the school.

The Indiana Legislature has established rules which regulate the school's rights and responsibilities in dealing with student behavior in school, at school activities, and the school's rights and responsibilities in dealing with out-of-school activities which affect a student's right to participate in school and school related activities.

I.C. 20-33-8-8

- a) Student supervision and the desirable behavior of the students in carrying out school purposes are the responsibility of a school corporation and the students of a school corporation.
- b) In all matters relating to the discipline and conduct of students, school corporation personnel stand in the relation of parents and guardians to the students of the school corporation. Therefore, school corporation personnel have the right, subject to this chapter, to take any disciplinary action necessary to promote student conduct that conforms with an orderly and effective educational system.
- c) Students must follow responsible directions of school personnel in all educational settings and refrain from disruptive behavior that interferes with the educational environment.

The Board of School Trustees of the Shoals Community School Corporation has this legal responsibility. The Board, in turn, has set policies and authorizes administrators and staff members to take the following actions:

1. **REMOVAL FROM CLASS OR ACTIVITY—TEACHER:** A junior high or high school teacher will have the right to remove a student from his/her class or activity for a period of up to one school day if the student is assigned regular or additional work to be completed in another school setting.
2. **SUSPENSION FROM SCHOOL OR PLACEMENT IN THE CASS PROGRAM—PRINCIPAL:** A school principal (or designee) may deny a student the right to attend school or take part in any school function for a period of up to 10 school days.
3. **EXPULSION:** In accordance with the due process procedures defined in this policy, a student may be expelled from school for a period no longer than the

remainder of the current semester plus the following semester, with the exception of a violation of rule 13 under the grounds for Suspension and Expulsion in this policy.

Parent/Guardian Participation

A parent (including a guardian or custodian) of a dependent student at the discretion of and upon proper notice by a school official shall be required to participate in any disciplinary action involving the student's behavior which is authorized under the Student Due Process Code, I.C. 20-33-8, as well as the student discipline handbook of this school corporation.

Parent participation includes but is not limited to meetings, conferences, hearings, supervising after-school home-study time, reviewing homework, and assuring regular school attendance and attendance after school if necessary.

When a school official deems it necessary to require parent participation to resolve behavioral problems of a student, the parent shall be notified in one of the following ways:

1. Telephone contact by a school official at least five days in advance of the meeting, conference, or hearing, followed by a letter of confirmation by regular or certified mail; or
2. Personal delivery of written notice of the required attendance at the meeting, conference, or hearing by a school official at least three days beforehand.

The superintendent, principal, or their designee shall be authorized upon receipt of parental consent to require the student to participate in behavioral testing, counseling, or drug or alcohol abuse intervention by a licensed agency if such testing, counseling, or evaluation is reasonably necessary to help any student, to further school purposes or to prevent an interference with school purposes. The cost of these services shall be the responsibility of the parent/guardian/custodian.

Upon receipt of proper notice, any parent, guardian, or custodian who fails to comply with the requirements of a school official to participate in the resolution of behavioral problems of a student whose conduct is repeatedly disruptive to the student's own educational progress or to the progress of others may be referred to the Child Protective Services Division of Public Welfare and the child may be considered to be a "child in need of services" in accordance with I.C. 20-33-8-26).

Pursuant to Indiana Code 34-31-4-1, a parent of a child (who lives with the parent and over whom the parent has custody) is liable for up to \$5,000 in actual damages arising from each instance of harm to any person or damage to any property that is knowingly, intentionally, or recklessly caused by the child.

Anti-Bullying Policy

(IC 20-33-8-.02)

1. Bullying committed by students toward other students is strictly prohibited. Engaging in bullying conduct described in this rule by use of data or computer software that is accessed through any computer, any computer system, or any computer network is also prohibited.
2. For purposes of this policy, bullying is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner including electronically or digitally, physical acts committed, aggression, or any other similar behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:
 - a. places the targeted student in reasonable fear of harm to the targeted student's person or property;
 - b. has a substantially detrimental effect on the targeted student's physical or mental health;
 - c. has the effect of substantially interfering with the targeted student's academic performance; or
 - d. has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.
3. Bullying does not include the following:
 - a. participating in a religious event;
 - b. acting in an emergency involving the protection of a person or property from an imminent threat of serious bodily injury or substantial danger;
 - c. participating in an activity consisting of the exercise of a student's freedom of speech rights;
 - d. participating in an activity conducted by a nonprofit or governmental entity that provides recreation, education, training, or other care under the supervision of one (1) or more adults;
 - e. participating in an activity undertaken at the prior written direction of the student's parent; or
 - f. engaging in interstate or international travel from a location outside Indiana to another location outside Indiana.
4. This rule may be applied regardless of the physical location of the bullying behavior when a student committing the bullying behavior and the targeted student attend a school within the school corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of other students to a safe and peaceful learning environment.
5. Any student or parent who has knowledge of conduct in violation of this rule or any student who feels he/she has been bullied in violation of this rule should immediately report the conduct to the principal who has the responsibility for all investigations of student misconduct including bullying. A student may also report the conduct to a teacher or counselor who will be responsible for notifying the principal. This report may be made anonymously using the box located across the hall from the elementary and high school offices.

6. The principal shall investigate immediately all reports of bullying made pursuant to the provisions of this policy. Such investigation will be expedited and must include any action or appropriate responses that may be taken immediately to address the bullying conduct wherever it takes place. Information relating to the investigation will be gathered using means including, but not limited to the following: witness interviews, request for written witness statements, record identification and review, and an assessment of whether bullying occurred. Investigations will be initiated immediately and will ordinarily be completed within thirty (30) calendar days. The parents of the bully and the targeted student(s) shall be notified initially of the reported behaviors and subsequently notified on a regular, periodic basis of the progress and the findings of the investigation and of any remedial action that has been taken.
7. The principal will be responsible for working with the school counselor and other community resources that may be available to provide information and/or follow-up services to support the targeted student and to educate the student engaging in bullying behavior on the effects of bullying and the prevention of bullying. In addition, the principal and school counselor will be responsible for determining if the bullying behavior is a violation of law required to be reported to law enforcement under Indiana law based upon their reasonable belief. Such determination should be made as soon as possible and once this determination is made, the report should be made immediately to law enforcement. The school principal is also responsible for reporting any incidents of bullying to Child Protective Services that constitute abuse as dictated by current law.
8. False reporting of bullying conduct as defined in this rule by a student shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions (including suspension and/or expulsion) if the investigation of the report finds it to be false.
9. A violation of this rule prohibiting bullying may result in any appropriate disciplinary action or sanction, including suspension and/or expulsion.
10. Failure by a school employee who has a responsibility to immediately report bullying to the principal or any other appropriate administrator or to investigate bullying or any other duty under this rule to carry out such responsibility or duty will be subject to appropriate disciplinary action, up to and including dismissal from employment with the school corporation.
11. Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.
12. Educational outreach training will be provided to school personnel, students and volunteers concerning the identification, prevention, and intervention in bullying.
13. All schools in the corporation are encouraged to engage students, staff, and parents in meaningful discussions about the negative aspects of bullying. The parent involvement may be through parent organizations already in place in each school.

Criminal Gangs and Criminal Gang Activity in Schools

The Board of School Trustees of the Shoals Community School Corporation prohibits its gang activity and similar destructive or illegal group behavior on school property, on school buses, and/or at school-sponsored functions and prohibits reprisal or retaliation against individuals who report gang activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or other people with reliable information about an act of gang activity and similar destructive or illegal group behavior. The following definitions apply to this policy: Criminal Gang means a group with at least three (3) members that specifically either:

- a. promotes, sponsors, or assists in; or
- b. participates in; or
- c. requires as a condition of membership or continued membership;

the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery.

Gang Activity means a student who knowingly or intentionally actively participates in a criminal gang, or a student who knowingly or intentionally solicits, recruits, entices, or intimidates another individual to join a criminal gang.

Per state law, a school employee shall report any incidence of suspected criminal gang activity, criminal gang intimidation, or criminal gang recruitment to the principal, superintendent, or other authorized administrator. The principal, superintendent, or authorized administrator may take appropriate action to maintain a safe and secure school environment, including providing appropriate intervention services. Appropriate consequences and remedial actions are those that take into consideration the severity of the offenses and consider both the developmental ages of the student offenders and the students' histories of inappropriate behaviors per the code of conduct.

Any corporation and school employee who promptly reports an incident of suspected gang activity and who makes this report in compliance with the school corporation procedures is immune from a cause of action for damages arising from any failure to remedy the reported incident. The principal or designee shall conduct a thorough and complete investigation for each report of suspected gang activity. The investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident. The principal may appoint additional personnel and request the assistance of law enforcement to assist in the investigation. The investigation shall be completed and the written findings submitted to the principal as soon as possible, but not later than five school days from the date of the report of the alleged incident of criminal gang activity. The principal shall take any appropriate disciplinary actions based upon the findings of the investigation, in accordance with the code of conduct. The superintendent of the school corporation is authorized to define the range of ways in which school staff and the principal or the principal's designee shall respond once an incident of criminal gang activity is confirmed, according to the code of conduct. Consequences for a student who engages in gang activity may range from positive behavioral interventions up to and including suspension or expulsion. The principal shall provide the parents of the students who were investigated with information about the investigation. The information to be provided to parents includes the nature of the investigation, whether the corporation found evidence of criminal gang activity, and whether consequences were imposed or services provided to address the activity. This information is to be provided in an expedited manner. As appropriate to the investiga-

tion findings, the principal also shall provide intervention and/or relevant support services. The principal shall inform the parents of all students involved in alleged incidents and discuss the availability of counseling and other intervention services.

The principal shall submit the report to the superintendent of the school corporation within ten (10) school days of the completion of the investigation. Each school within the school corporation shall record the number of investigations disposed of internally and the number of cases referred to local law enforcement, disaggregated by race, ethnicity, age, and gender. Each school shall report this information to the school corporation superintendent who shall submit a written report to the Indiana Department of Education by June 2 of each year. This policy shall be annually disseminated to all parents who have children enrolled in a school within the school corporation. Notice of this policy must be published in student handbooks and all other publications of the school corporation that set forth the rules and procedures for schools within the school corporation. School officials are encouraged to collaborate with stakeholders to provide gang prevention and intervention services and programs. LEGAL REFERENCE: IC 20-26-18 IC 20-33-9-10.5 IC 35-45-9-1

Dress Code

Students are expected to dress in an appropriate manner. It is not the intent of the Shoals Community Schools to dictate the quality or style of clothing worn, but rather an effort to encourage good habits and acceptable group behavior. Student dress and personal appearance should reflect dignity and pride in oneself and in the school.

It is prohibited for any student to wear clothing items which advertise alcoholic beverages, sex, tobacco, obscene, crude or suggestive messages or use of profanity. Designs or insignias that are part of a haircut, satanic symbols, gang-related badges, insignias and colors; logos or symbols which slander social or ethnic groups are also prohibited. "Fake" alcohol or drug advertisement is also prohibited.

The final determination on whether a student's clothing conflicts with these guidelines is at the discretion of the school administration.

Pants:

- **Any article of clothing worn in a manner that allows undergarments to be exposed is inappropriate for school and cannot be worn.**
- Pants and shorts must be worn **above** the hips.
- **No sagging pants.**
- Pants that cannot be worn properly on the waist will require a belt.
- **Holes cannot be worn in pants without a sewn-in patch or another piece of fabric under it. Excessive holes, rips, and/or torn pants of any type are prohibited.**
- Leggings are considered undergarments (extremely thin or tight pants are considered leggings) and are not allowed to be worn without adequate coverage, i.e. dress, shorts, pants that are no more than 2 inches above the knees - all the way around.
- **No pajama pants.**

Shirts:

- **Any article of clothing worn in a manner that allows undergarments to be exposed is inappropriate for school and cannot be worn.**
- The stomach and chest (midriff and cleavage) may not be exposed.

- Students are required to wear shirts and blouses that are at least waist length.
- Off-the-shoulder shirts are not appropriate.
- Shirts or garments that partially cover the upper body, such as halter-tops, tube tops, tank tops, mesh tops, strapless tops, or tops with spaghetti straps will not be permitted.

All students are expected to follow the Shoals Jr/Sr High School Dress Code. It must be remembered that the learning environment must be as free as possible from distractions/interruptions. With this in mind, the administration will try to address all dress code violations as soon as possible. As it is with a speeding motorist, not all dress code violators are caught. Consistency will be the goal in enforcing the dress code. The administration asks that parents and students check clothing choices **BEFORE** students

leave for school. Dress and grooming which disrupts the educational process will not be allowed.

Note: The school system/administrator reserves the right to punish behavior, which is subversive to good order and discipline in the schools, even though such behavior is not specified in the preceding written rules.

Attendance Procedure:

Each student enrolled in the Shoals Community School Corporation is expected to attend school on a regular basis and to be punctual to all classes. The State Compulsory Attendance law requires that each student under the age of 18 years of age to be present and on time each day that school is in session, unless he/she is physically unable to be there or unless there is a serious illness or death in the family. Students and parents should conform to this state law.

When a student is absent from Shoals Jr/Sr High School, he/she will follow the following procedures:

1. Day of Absence– make arrangements for any homework or assignments.
2. Admission to school after absence:
—A Jr/Sr High School student who has been absent must present a written excuse from the parent/guardian/custodian or doctor. If the student has no written excuse, a phone call will be made to confirm the reason for the absence.
3. Failure to comply with the above rule will result in an unexcused absence.
4. The decision concerning excused or unexcused absences will be made only by the designated school officials.
5. If the reason for the absence cannot be confirmed by a note or a phone call, the student will be given a “pending” excuse so he/she may be admitted to class. Failure to bring in the excuse within forty-eight hours will result in the absence being unexcused.

Attendance Policy:

Attendance in school is compulsory as provided in Indiana Code 20-33-4. Failure to attend school even one day without excuse is truancy under Indiana Code. Under Indiana Code any student who withdraws from school for any reason except financial hardship may be defined as a truant and have his/her license revoked by the Bureau of Motor Vehicles.

Students will be allowed a maximum of eight (8) absences in each class per semester. If a student is absent more than eight (8) times in a semester from any class, he/she may lose credit in that class and receive a grade of “F”.

Failure to comply in several classes may result in the student being withdrawn from all classes, receiving no credit in any class for the semester, due process proceedings for expulsion being started and reported to the Welfare Department or Probation Officer, and loss of driver’s license. Any absence above #8 must be accompanied by a doctor/dentist note in order for the absence to be counted as excused.

Extended absences due to injury or chronic illness will be considered individually. Parents/guardians are requested to consult with the school. Arrangements may be made for homebound instruction with proper medical documentation.

The principal may grant an extension for the maximum eight (8) allowed days because of an unusual or extenuating circumstance.

As the student progresses toward the maximum eight (8) allowed days of absence, the following notification system will be conducted by the school:

1. Fifth absence—letter to the parents/guardians.
2. Eighth absence—Letter to the parent or guardian and a phone call to the parent/guardian and an attendance contract.
3. 10-12th absence—Submitted to Martin County Probation Department and potential loss of credit.

Classification of Absences

Excused Absences

There shall be no penalty for such absences provided the student makes arrangements to make up work with the teacher and fully completes the work within an arranged time period. It is the student's responsibility to contact the teacher and make up the work missed.

Students who arrive or depart during the school day are responsible to turn in assignments and/or to request assignments for all classes.

1. Any illness which requires a physician's care and is verified by a signed statement from the physician. A signed statement from the dentist or doctor's office must verify medical and dental appointments. A student sent home by the school nurse is also an excused absence. (Certified absences are not counted toward eight day policy).
2. Any student, who by reason of mental or physical incapacity is unable to attend school (must have documented, written verification from the physician indicating the incapacity).
3. Funerals of members of household or immediate family which include mother, father, sister, brother and grandparents.
4. Court related appearances or appointments; written verification from the court is needed. 20-33-2-16.
5. School sponsored activities.
6. Page at State Legislature – must have verification from an official of the General Assembly.
7. Also, poll workers during election days – must have verification from the election officials and prior approval from the high school office. The student must be in grades 9-12. 20-33-2-17.
8. Absent while on suspension or expulsion. (Special education students, by state law, can make up their assignments while on suspension.)

leasing the student from active duty must be presented. 20-22-2-17.

19. A written excuse or phone call from a parent/guardian indicating that their student is sick. Reminder: Students are allowed a maximum of 8 absences per semester before they are placed on doctor's note only.
20. Students have one day to make up work for each day they are not in school if the absence is excused.
21. Rules for makeup work will be in effect for all of the above types of absences except for #8.

Family Education Trips During the School Year:

Every educational study of attendance and its effect upon achievement in school recognizes that there is a positive correlation between regular attendance and achievement. With schools being evaluated by the state and federal government on their attendance rate, it has become imperative that local schools place greater emphasis on student attendance.

In order for a student to be excused for any trip in which the student will be absent from any class, the trip must meet the following standards:

1. It must be an exceptional educational opportunity for the student. The administration reserves the right to decide if the trip will provide an exceptional educational opportunity. Family vacations will not meet the standard of an exceptional educational opportunity.
2. Arrangements must be made in advance (2 weeks is strongly recommended) for the student to complete all classroom work either prior to the trip or within an agreed number of days when the student returns to classes. The administration reserves the right to decide if anything short of 2 weeks in advance is agreeable.
3. The student must travel with his/her parents or a recognized travel group.
4. The student must provide reports to his/her classes through e-mails or other electronic resources while on the trip, or a written report describing the trip and the educational opportunity it provided upon his/her return. The form and contents will be agreed upon prior to the trip with the administration and the classroom teacher.
5. Students who do not comply fully with the requirements will be unexcused for any future trips. The days the student missed, on the trip in which he/she did not comply, will be counted as unexcused.

Unexcused Absences

An absence for reasons not stated in attendance laws or permitted by school officials will result in an unexcused absence. No credit will be given for daily assignments missed during an unexcused absence with the exception of a classroom examination. If the student is on doctor's excuse only, the Indiana Department of Education Certificate of Child's Capacity may be required to be filled out by a doctor within six days after a student returns to school or the absence will be unexcused and the proper authorities will be notified.

Here are some, but not all, examples:

1. Truancy
2. Oversleeping
3. Car trouble

4. Parents/guardians' failure to notify the school of an absence as outlined in these attendance procedures.
5. Failure to prearrange absences as outlined under the Excused Absences section.
6. Failure to prearrange a college visit.

Early Dismissal

Any student who is leaving school at any time other than regular dismissal time must have the approval of the principal or his/her designee. The student must have a note from home or phone call stating the reason for leaving school before the student will be dismissed. Depending on the reason for leaving school, the student will receive either an unexcused or excused absence.

Tardiness

Tardiness to school or class is a negative habit that is easy to develop. A student is considered tardy to class if they are not in the classroom at the time the bell rings or in their seat when the bell rings. This is at the discretion of the classroom teacher. A student arriving to school after the beginning of first period will be considered tardy to school. It will not be treated as a classroom discipline problem, but will be handled by the office. Students who miss first period four (4) times during a semester without their absence being excused will be assigned a Thursday school. Each additional unexcused absence to first period will result in an additional Thursday school.

Tardiness to class will be considered a classroom discipline problem. **A student who is tardy to school or class four (4) times or eleven (11) times overall during the semester will be assigned a Thursday school.** Each additional tardy will result in an additional Thursday school. A maximum of three (3) **future** Thursday Schools may be assigned with no more than a total of six (6) per semester. **After six Thursday Schools, a student will receive a CASS Program experience, an in-school suspension or an out-of-school suspension, at the discretion of the administration.**

Partial Day Absences

A student arriving to school after the beginning of the first period will be considered tardy to school. It will not be treated as a classroom discipline problem, but will be handled by the office. Students who miss first period four times during a semester without their absence being excused will be assigned a Thursday School. Each additional unexcused absence to first period will result in an additional Thursday School.

Attendance and After School Activities

When a student has been absent from school he/she should not return for an after school activity. A student must be in attendance for at least one-half of the regular school day on the day he/she plans to participate in an extracurricular activity. Exceptions to this rule will be made at the discretion of the principal. If a student is absent on Friday, administrative approval must be given in order for this student to participate on Saturday.

Vocational Attendance

1. If Shoals is on a two (2) hour delay there will be no morning vocational school.
2. If Bedford is on a two hour delay and Shoals is not, then there is no morning vocational school.
3. If Shoals is on a two (2) hour delay schedule and vocational school is canceled,

afternoon vocational students will stay at school through their third period which ends at 11:43 AM.

Martin County Anti-Truancy Program Policy Statement

The Martin Circuit Court developed the Anti-Truancy Program (the “Program”) to help school corporations deal with student truancy and absenteeism. The Program reflects the combined ideas and efforts of the Martin County Court Judge and staff, the Martin County Probation Department, the Martin County Prosecutor and staff, the Martin County Office of Family and Children, the Loogootee School Corporation, and the Shoals Community School Corporation. The Program has undergone several revisions since it was first announced, but the goals underlying the Program have remained unchanged. The Program is based on the following principles:

1. Education of our children is of paramount social and economic importance.
2. Our schools can provide maximum educational opportunities to a child only if the child is in school throughout the school year.
3. Absenteeism disrupts a child’s ability to reach full learning potential and diverts the school’s human and fiscal resources to non-educational activity.
4. Peer pressure among children and inconvenience and economic loss among adults are often highly motivating forces that may be useful in effectuating changes in behavior.
5. Truancy may be prevented by addressing early signs of absenteeism.
6. The judicial system has coercive power that may be applied to early intervention in a pattern of student absenteeism.
7. While parents (and guardians) are ultimately responsible for their child’s (ward’s) attendance at school, a child usually has assumed some personal responsibility for his or her school attendance by age twelve (12).

The purpose of the Program is to deal with student absenteeism “early-on,” before absenteeism becomes an educational problem or results in student failure or expulsion. For the Program to have an impact, all legal and educational authorities must cooperate.

While the “time table” for action contained in the Program outline is not, and cannot be, an absolute schedule to be followed in all cases, the parties involved in the legal system have made a commitment to meet that “time table” and to give absenteeism and potential truancy high priority.

Martin County Anti-Truancy Program

1. The terms “absent” or “absence,” for purposes of the Martin County Anti-Truancy Program (the “Program”), shall include tardiness as well as failure to be in any class, or any other portion of a school day, for any reason, unless specifically stated otherwise.
2. If, during either of the two prior semesters, a student had eight (8) or more absences of any kind, the student should be reported to the Martin County Probation Department within two (2) days after the student accumulates his or her fifth (5th) absence of any kind.
3. When reporting absence pursuant to the Program, the school should provide to the Martin County Probation Department the following minimum information, if available:
 - A. Student’s name
 - B. Student’s address

- C. Student's age and date of birth
- D. Name(s) or parent(s) or guardian(s)
- E. Home telephone number(s) of parent(s) or guardian(s)
- F. Place of employment of parent(s) or guardian(s)
- G. Dates of student's absences
- H. Reason for each absence, if known, and whether each absence was excused, unexcused, valid, or invalid.

The School is encouraged to report any other information pertinent to the student's educational progress, including prior absences, as well as attendance, discipline, family, or medical problems.

4. Within three (3) days after receiving an absence report from a school, the Martin County Probation Department, to the extent practical, shall contact the student's custodial parent(s) or guardian(s) and shall schedule a meeting with the parent(s) or guardian(s) within seven (7) days, if practical.
5. The student shall attend any meeting with the Martin County Probation Department. If both parents or co-guardians are in the student's home, both will be requested to attend. If only a custodial parent is in the student's home, the non-custodial parent will be sent a copy of the notice.
6. At the meeting, the Probation Officer will conduct a preliminary inquiry to determine whether the case should be handled by the Martin County Probation Department or should be referred to the Martin County Office of Family and Children. As referred to hereinafter, "Legal Agency" shall mean either the Martin County Probation Department or the Martin County Office of Family and Children, depending on which entity will handle the student's case.
7. Once a preliminary inquiry has been completed and the case has been referred to the appropriate agency, the student will be placed on a six-month informal agreement/adjustment. As part of the six-month informal adjustment, the legal agency shall provide to the parent(s) or guardian(s) and the student the following information:
 - A. In the event of further absence(s) as a result of illness or other medical problems, either the student must file a completed Indiana Department of Education's Certificate of Child's Capacity with the school or legal agency or the student must be sent home from the school by the school nurse.
 - B. If the student has (1) or more unexcused or invalid absence or three (3) or more absences of any kind during the semester, legal action shall be filed in Juvenile Court.
 - C. If the student ultimately is determined by the Martin Circuit court to be a Child in Need of Services or a Juvenile Delinquent:
 - 1) The student shall be ordered to attend school and not be absent.
 - 2) The parent(s) or guardian(s) shall be ordered to:
 - a. See that the said student goes to school each day.
 - b. See that the said student arrives at school on time each day.
 - c. Accompany and attend all class periods, including lunch period, with said child for one school day of each week for four (4) weeks, follow all rules and regulations of the school while in attendance and not be disruptive, in any manner, for any class period; and
 - d. Attend all parent-teacher or administrative conferences requested or scheduled by any of the student's teachers or any school official.
 - 3) The parent(s) or guardian(s) also shall be informed that responsibility for

the student's and parent's attendance at school may fall on both parents or guardians, whether or not both parents are in the home (i.e. custodial parents), unless the non-custodial parent resides in a county other than Martin, Dubois, Daviess, Greene, Lawrence, or Orange.

8. If the student has any further absence or if the parent(s) or guardian(s) fail(s) to follow any order of the Court issued after a Court finding or CHINS or Delinquency, either parent (whether or not custodial) or guardian(s) may be held in contempt and sentenced to a term of imprisonment in the Martin County Jail.
9. If, after the informal adjustment conference with the legal agency, the student has (1) one more unexcused or invalid absence or three (3) more absences of any kind, the school should report the absence(s) immediately.
10. Within three (3) days after the legal agency is notified, appropriate legal action (CHINS or Delinquency) should be initiated in the Martin Circuit Court and an Initial Hearing will be scheduled within fourteen (14) days.
11. In the event that a legal agency receives an absence report on a student in two (2) consecutive semesters, the agency shall initiate appropriate legal action (either CHINS proceedings or Delinquency proceedings).

Educational Neglect

Educational neglect is defined as a parent's failure to send a child to school. If it is determined that a student's poor attendance has a negative effect on the child, the Martin County Prosecutors Office and the Department of Child Services will be notified, and they will be provided a copy of the student's attendance record. Referral to the Probation Department will also take place.

CASS (Court Assisted School Suspension)

Students who have violated school rules and are subject to an out-of-school suspension may participate in the Court Assisted School Suspension (CASS) Program. CASS is a program in which the Martin County Circuit Court, Martin County Community Corrections Department, Martin County Probation Department, and Shoals Community School Corporation work together to provide an educational alternative to an out-of-school suspension. The CASS Program is comprised of two (2) programs: the CASS classroom and the CASS field service program.

The CASS classroom is located within the Shoals Community School building. On the days of the suspension, the student will report to school as usual; however, he or she will be required to go directly to the CASS classroom and remain in said classroom throughout the school day, to include lunch. The student's parent and/or legal guardian is required to agree to the student's placement in the CASS classroom for the period of his or her suspension. **If the student complies with the CASS classroom rules and cooperates with the daily lessons, the student will not be counted absent during the suspension period and will be allowed to complete his or her regular school work and receive credit for that work.**

If the student does not comply with the CASS classroom regulations, he or she will be placed in the CASS field service program during regular school hours for completion of the school suspension period. The Martin County Community Corrections Department has developed partnerships with non-profit organizations throughout Martin County to provide assistance for those organizations when needed.

Although the preferred track for the student is to successfully complete his or her suspension time in the CASS classroom, the CASS field service program will be utilized, if

necessary, during the remaining time of the student's suspension. Please be aware that the CASS field service program will require the student to perform a working service for an organization deemed appropriate for the student's age and abilities. Like the CASS classroom program, the student will report to school as usual. The student will be returned to the school by the Martin County Community Corrections Department prior to the end of the school day for utilizing his or her regular mode of transportation home.

Grounds for Suspension or Expulsion (IC 20-33-8-14)

- 1) The unlawful activity may reasonably be considered to be an interference with school purposes or an educational function; or

The length of the expulsion may be reduced by the superintendent if the circumstances warrant such reduction.
- d. The superintendent shall notify the county prosecuting attorney's office when a student is expelled under this rule.

Grounds for expulsion. (IC 20-33-8-15) Any student may be expelled from school in the following circumstances, subject to the procedural provisions of this chapter:

1. If the student's immediate removal is necessary to restore order or to protect persons on school corporation property. This includes conduct off school property if the student's presence in school would constitute an interference with an educational function or school purposes.
2. If the student's legal settlement is not in the attendance area of the excluding school corporation, if no transfer has been granted by the school corporation or has been ordered by the state board of education, if no agreement has been made to pay cash tuition or no tuition has been paid under an agreement, and if no other governmental entity is obligated to pay transfer tuition to the excluding school corporation.

In addition to the grounds listed above, a student may be suspended or expelled for engaging in unlawful activity on or off school grounds if the unlawful activity may reasonably be considered to be an interference with school purposes or an educational function, or the student's removal is necessary to restore order or protect persons on school property. This includes any unlawful activity meeting the above criteria which

takes place during weekends, holidays, other school breaks, and the summer period when a student may not be attending classes or other school functions. (IC 20-33-8-15)

The grounds for suspension or expulsion apply when a student is:

- a. On school grounds immediately before, during, and immediately after school hours, and at any other time when a school group is using the school;
- b. Off school grounds at a school activity, function, event or at the bus stop.
- c. Traveling to or from school or a school activity, function or event.

Suspension Procedures

When a principal (or designee) determines that a student should be suspended, the following procedures will be followed:

1. A meeting will be held prior to the suspension of any student. At this meeting the student will be entitled to:
 - a. a written or oral statement of the charges;
 - b. if the student denies the charges, a summary of the evidence will be presented; and,
 - c. the student will be provided an opportunity to explain his or her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of the suspension.
3. Following the suspension, the parent or guardian of a suspended student will be notified in writing. The notification will include the dates of the suspension, describe the student's misconduct, and the action taken by the principal.

Expulsion Procedures

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
 - a. legal counsel
 - b. a member of the administrative staff who did not expel the student during the current school year and was not involved in the events giving rise to the expulsion.
2. An expulsion will not take place until the student and the student's parent or guardian are given notice of their right to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student or a student's parent or guardian to request and to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.
3. The notice of the right to an expulsion meeting will be in writing, delivered by certified mail or personal delivery, and contain the reasons for the expulsion and the procedure for requesting the meeting.
4. At the expulsion meeting, the principal (or designee) will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.
5. If an expulsion meeting is held, the person conducting the expulsion meeting

will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent. The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of the notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of both the school administration and the student and/or the student's parent. The board will then take any action deemed appropriate.

Sexual Harassment Policy

Sexual harassment is a kind of discrimination. It means that someone is treated differently because of his or her sex. It is behavior or words that:

1. are directed at a person because of his or her sex,

2. are uninvited, unwanted or unwelcome,
3. cause a person to feel uncomfortable or offended,
4. create an environment that makes learning difficult,
5. may be repeated or may be very offensive on a one-time basis.

Types of sexual harassment :

- a. Physical sexual harassment is any unwanted sexually oriented physical act. Examples include but are not limited to:
 - 1) grabbing or touching someone,
 - 2) tearing or pulling at a person's clothing,
 - 3) purposely bumping or rubbing against a person,
 - 4) kissing or holding a person against his or her will,
 - 5) impeding a person's movements or preventing a person from moving freely.
- b. Verbal sexual harassment means offensive words and comments, spoken privately to a person or in front of others. Examples include but are not limited to:
 - 1) comments about body parts or rating peoples' bodies
 - 2) sexual suggestions or threats,
 - 3) spreading sexual rumors or stories,
 - 4) sexual jokes,
 - 5) using sexual orientation as an insult.
- c. Nonverbal sexual harassment includes but is not limited to:
 - 1) staring or pointing at a person's body or body parts,
 - 2) making obscene gestures,
 - 3) displaying obscene sexual material or placing it in someone's locker, computer, or in that person's possessions,
 - 4) writing someone's name along with sexual remarks, suggestions, or drawings in public places.

Sexual harassment will be dealt with according to school policy and Indiana statute. Students who engage in sexual harassment could receive the consequences outlined in later sections of this handbook or reported to the civil authorities.

Important Notice to Students and Parents Regarding Cell Phone Content and Display

- The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with "child exploration" or "child pornography" as defined by Indiana Criminal Statutes.
- It is "child exploitation," a Class C felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph or create a digitized image of any incident that includes "sexual conduct" by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes "sexual conduct" by a child under the age of 18.
- It is "child pornography," a Class D felony under I.C. 35-42-4-4(c), for any person/student to possess a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes "sexual conduct" by a child who the person knows is less than 16 years of age or who appears less than age 16.
- "Sexual conduct" is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhi-

bition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.

- The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.
- Because student cell phones have been found in a number of Indiana school districts to have contained evidence of “sexual conduct” as defined above, it is important for parents and students to be aware of the legal consequences should this occur in our school system.
- “Sexting” is defined as the taking, disseminating, transferring or sharing of obscene, pornographic, lewd, or illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, emailing or sexting). Such conduct may constitute a crime under federal and/or state law. Any student taking, disseminating or sharing obscene, pornographic, lewd or illegal images or photographs will be disciplined under the student discipline code of conduct and will be reported to law enforcement and/or other appropriate state or federal agencies if required by law. Such conduct engaged in by a student may result in arrest, criminal prosecution and inclusion on sex offender registries.

School Bus Conduct and Safety Rules

Shoals Community School Corporation

The Bus Conduct and Safety Rules are designed to promote safety on the school bus at all times. The safety of all students is our top priority. Therefore, each student is expected to cooperate fully by always obeying the rules.

The authority of the bus driver, who is in charge of the bus, will be recognized and supported by all. For everyone's safety, the bus driver must be heard, be able to hear traffic sounds such as sirens and be obeyed by students quickly and efficiently.

School bus transportation is a privilege and is not guaranteed for you by law. Transportation is available; however, it can be taken away if students choose to disobey or violate any of the safety and conduct rules. If transportation privileges are denied, the parents or guardians are responsible for getting their children to and from school. You may not ride a different bus if you have been suspended from your regular one.

TO PROMOTE A SAFE, ORDERLY, EFFICIENT AND ENJOYABLE BUS RIDE TO AND FROM SCHOOL, THESE RULES MUST BE FOLLOWED.

At the Bus Stop

1. Be on time. Board and leave the bus only at your regularly assigned stop, unless you have received special permission in advance.
2. Stay out of the street and away from the road.
3. Help protect surrounding property while waiting for the bus.
4. Wait to enter until the bus comes to a full stop and the driver has opened the door. Take your turn and do not push when entering or leaving the bus.

On the Bus

1. Always obey the driver promptly and respectfully.
2. Be seated promptly and stay in assigned seat.
3. Keep all books and materials on your lap or contained in a backpack or sack.
4. Be courteous and use no profane language.
5. Speak in low tones.
6. Never push, shove, scuffle or horseplay; that is always unacceptable and a serious safety hazard.
7. Keep your head, hair, hands, feet and all belongings inside the bus and to yourself.
8. Never smoke, it is a serious safety hazard.
9. Never fight, it is unacceptable and a serious safety hazard.
10. Never throw objects inside or outside the bus.
11. Do not eat or drink on the bus.
12. Treat bus seats and equipment with care and respect.
13. Keep the bus clean and orderly. Deposit trash in the containers at the front of the bus upon leaving.

Leaving the Bus

1. Students are to stay on the bus until the 8:00 AM bell rings. Only students

with medical exceptions are exempt from this rule. If there is an early morning school activity that requires students to get off the bus early, the drivers will be notified by a school official through the radio.

2. Take your turn and do not push when leaving the bus.
3. Once off, clear the area immediately. If crossing the street, wait for a signal from the bus driver before crossing in front of the bus. Walk quickly across.

THANK YOU FOR DOING YOUR PART FOR SAFETY'S SAKE.

When you obey the rules:
—you keep the privilege of riding the bus and
—it is a safer ride for everyone

When you disobey the rules:
—you could cause an accident
—you could be denied the privilege of riding the school bus

You may not ride a different bus if you have been suspended from your regular one.

Study Hall Guidelines:

The constructive use of study hall time can be a very valuable part of a student's education. Study hall is not a place for relaxation and play. Study halls are placed in the class schedule to enable students to prepare lessons at school. They should be a place of quiet where all students may study. The following study hall guidelines should be enforced:

1. Students will begin to work immediately when the bell rings.
2. Students are to have all necessary materials for the study hall period with them: books, pencils, paper, etc. No student should come to study hall without a book or materials.
3. There will be a seating chart for each study hall.
4. No student should be out of his or her seat without the consent of the study hall teacher.
5. There will be NO sleeping in study hall.
6. A student who plans to be absent from study hall must present a written excuse to the study hall teacher at the beginning of the period.
7. With the study hall teacher's permission a student may sign out of study hall for the following reasons:

10. A permanent ledger will be kept in the study hall in which the student must sign the following information to leave:
 - a. date
 - b. time out
 - c. destination
 - d. time returned
11. Any disruptive behavior in study hall will be treated exactly as a classroom disruption from any other class.

Student Device Expectations and Electronic Resources/ Computer System Usage Policy

1. **Are students and families responsible for the device?**
 - a. Our students are competent and worthy of our trust; we trust that they will act responsibly and maturely with such important personal learning devices. Students will be responsible for the care, security, and safety of the devices. When being transported devices are required to be carried in a student's school provided bag or other administrator approved bag to and from all classes and secured in lockers when not in use.
 - b. As with any other instructional material, the student is responsible for his or her device. Teachers will work with students on responsible use and safekeeping of their device. Each device comes with a protective bag for safekeeping. Students are required to report a lost or stolen device immediately to the office.
2. **Can I remove the provided hard shell or remove the device from the bag?**
 - a. No, doing so will void the accidental insurance. For the safety and protection of the device, only the technology director may remove the device

- from the bag and remove the shell from the device.
3. **While the device is at home, may the parent or other family members also use it?**
 - a. It is our intention the device is to be used solely by the assigned student, however parents/guardians are free to monitor the device and assist when needed.
 4. **May students install software or apps on the device?**
 - a. Students must request and receive permission for the software application they wish to install on their device. The district is not responsible for programs purchased by students or parents/guardians. Should the device malfunction or become infected with a virus, all existing programs and files will be wiped completely off the device, and original settings will be installed.
 5. **If students lose their device due to disciplinary actions, where will they be kept?**
 - a. Those devices are kept in the office and the students pick them up in the morning before school begins and return their device before leaving.
 6. **Who is responsible for loss, theft, or damage?**
 - a. We ask our students to treat the device with care and respect. Parents/guardians and students will be held fiscally responsible for damage or loss of the device both on and off school grounds.
 - b. All physical damage to the device must be reported as soon as possible, but no later than the next school day. Damages will be evaluated by the technology department to determine whether or not they can be repaired. A loaner or new device will be issued as needed. The parent/guardian/student is responsible for all accidental damages to the district issued device and subject to the cost of the repair or replacement. If parents/guardians pay the insurance fee, damage to their device will be covered. If parents/guardians choose not to pay the school provided insurance fee, the parent/guardian will take sole responsibility of the device repair/replacement cost.
 - c. Loss and theft that occurs will be the responsibility of the student and parent/guardian. In cases of legitimate theft, students and parents/guardians must report the theft to the police and provide a police report of the incident.
 7. **Will the district provide support and maintenance for the devices?**
 - a. The Corporation provides technology support and maintenance on all school issued student devices. If a device needs to be repaired, the corporation may loan students a device to use until it's returned. Under no circumstances should anyone take the device to a third party for repair or assistance. Corporation personnel are the only individuals who should attempt repair on the devices.
 8. **What if a student moves or transfers during the school year?**
 - a. Each device is the property of the Corporation.
 - b. If a student changes schools, withdraws from school officially, or is absent (unexcused) for 10 days in a row, they must return the device, charger, and bag to the Corporation. If the device and accessories are not returned, the Corporation will contact appropriate law enforcement authorities to recover the district device.
 - c. All devices are returned to the school at the end of each school year.

Code 20-29-5-3.

Limited Use for Employee Personal Messages. In recognition of the desire of School Corporation employees to communicate with each other concerning issues of common interest that are not related to School Corporation business, the School Corporation has created a separate distribution list called the “opt-in list” that includes all School Corporation employees who have indicated a willingness to receive non-school information. An employee wishing to send a personal e-mail to School Corporation employees must send the proposed e-mail to the principal for review and distribution. Messages about births, deaths, illness, marriage, relocation may be distributed by the principal using the “opt-in list.” A message that does not meet the standards for messages in the Section other than the requirement that the message be relevant to School Corporation business will not be posted by the principal.

9. Confidentiality & Copyright Protection:

Confidential Information Stored or Transmitted. Users of the School Corporation’s communication resources are expected to protect the integrity of proprietary and confidential information maintained by the School Corporation. “Confidential information” as used in this policy means information declared confidential by the Board’s policy on Access to Public Records or by State or Federal law. Confidential information shall never be transmitted or forwarded to a person not authorized to receive the information.

Creation & Use of Lists. Any distribution list created by a user may be reviewed by the Network Administrator for relevance to School Corporation business and compli-

ance with this Policy. The practice of using electronic resource distribution lists to send information shall not excuse the unauthorized disclosure of confidential information by a user. Users shall determine if a distribution list is current and review each name on any list before sending confidential information including but not limited to personally identifiable student records protected by the Family Educational Rights and Privacy Act.

Monitor Protection. Messages containing confidential information should not be left visible on the monitor when a user is away from his or her computer.

Change of Passwords. E-mail, voice mail, and network sign-on passwords shall be changed on a schedule established by the Network Administrator. Failure to change a password shall result in suspension of access to the communications resource until the password is changed.

Protection of Copyright Interests. Users should not copy or distribute through the e-mail system any copyrighted material of the third party (such as software, database files, articles, graphic files and downloaded information) unless the user has confirmed in a paper or electronic form in advance that the School Corporation has a license or other right to copy or distribute the material. Violation of the rights of a copyright owner will result in discipline of a student or employee.

10. Security of School Corporation Electronic Resources:

Isolation of Problems. Security on any School Corporation electronic resource is a high priority when the resource involves many users and contains proprietary and confidential information. A user shall immediately notify the Network Administrator if a security problem is identified on any School Corporation electronic resource. The problem shall not be demonstrated to other users.

Denial of Access. A user identified as a security risk based upon one or more violations of this policy may be denied access to all School Corporation electronic resources.

User Notes

- With the renewed interest in access to public records generated by the creation of a Public Access Counselor, this policy reminds users that their electronic communications **even when deleted** can be requested under the Indiana Access to Public Records Act, Ind. Code 5-14-3.
- This policy supports a "search" of e-mail and other stored information by telling users that they should not have a "legitimate expectation of privacy" in any information stores on school district resources. This policy will be "Exhibit A" in a disciplinary action resulting from a search of Electronic & Communication Resources.
- This policy permits the use of e-mail, voice mail, and truck mail to communicate concerning the business of employee organizations such as a teacher union, except during a representation election campaign to determine which union will represent a group of employees. It does provide that computer resources shall not be used to store records of such an organization.
- This document creates a presumption that a student's parent/guardian agrees to a student having access to the Internet and other Electronic & Communication

Resources. If the parent/guardian objects to this access, they must file a written objection annually.

- By using the Shoals Community Corporation Electronic & Communication Resources you, the user, agree to and will abide by the Shoals Community Corporation Electronic & Communication Resources Usage Policy.

Lost and found articles should be turned in to the office. It will be beneficial to each student if a few basic rules are followed prior to the loss of an article:

2. Write your name in your textbooks. Remember, if you lose a textbook, you must pay its replacement cost.
3. Leave articles of value or money at home.
4. If you must bring articles of value or large sums of money, deposit them at the office for safekeeping.
5. If you do lose something, check at the office to see if it has been returned to the office.
6. Lost items will be retained in the office for a period of 1 week. After that time the items will be disposed of or donated to an agency such as the Salvation Army.

Lunch:

Shoals Jr/Sr High School is considered a closed campus, which means all students must use school facilities for lunch. No one will be allowed to leave the school grounds for lunch.

Junior high school students will go outside after lunch, weather permitting. On days of inclement weather, junior high students will go to the multi-purpose room. While junior high school students are outside, they are to stay away from the road, away from the elementary building and out of the mud. Due to shared facilities, additional rules for outside activities may be needed.

High school students may be in the gymnasium after they have finished their lunch or snacks. Students are not to return to their lockers during lunch periods without permission by the teacher on hallway duty. The library will be for study or library check out.

If the number of staff permits, students may be given permission to be outside during the lunch period. Students must be directly in front of the high school. No recreational equipment will be used in front of the high school (hackey sacks, footballs, Frisbees, volleyballs, etc.).

Due to problems in the past, NO visitors will be allowed during the lunch period.

There can be no eating in the gymnasium balcony during the lunch period. No drinks may be brought to school with the exception of drinks in aluminum cans to be consumed with lunch. No drinks may be brought to school during an extracurricular activity. Students should not have opened cans, chip sacks, etc. in their lockers.

Prepaid Lunch:

Money is to be deposited into your account in the mornings if you plan on buying anything at lunch. Your money must be in an envelope with your name on it and the amount of money you are depositing. You will step up to the cash register in the lunch line and enter your nine digit STN number on a keyboard and the money will be deducted from your account automatically. There will be no money accepted at the cash reg-

isters for any lunch or snacks. Cafeteria personnel will be accepting money for students in grades 9-12 each morning outside the middle door of the main office by the study carols. Cafeteria personnel will be in the cafeteria each morning to take money from the junior high students. If you are on free lunch, you do not have to deposit money unless you are buying snacks or a la carte items. You can deposit money for the entire week, month or school year at anytime in the mornings.

Nurse Visit

Students should receive passes from the classroom teacher to go to the high school office. Students will sign out at the high school office, and then receive a tag or pass to see the nurse. If a student is not sent home for illness by the nurse, he/she will return to the high school office to sign back in, and return their tag or pass before going to class. A parent or guardian will be notified if the student is sent home for illness.

Hearing Screening

Indiana State Law requires that each school year, students in grades 1, 4, 7, and 10 receive a hearing screening. Students who participate in Kindergarten Round-Up may also be screen at that time. In addition, students new to the school system, students identified as having a hearing problem in previous years, and students referred for screening by teacher or parent are also given a hearing screening each year. Students who do not pass the initial screening are screen a second time. Parents will only be contacted should their child not pass a second screening. No student shall be required to take a hearing screening if written objection by a parent or legal guardian is submitted to the school speech-pathologist prior to the screening. A signed note should be sent to the school to decline the screening.

Administration of Medication

A school administrator, teacher, or other school employee designated by the school administrator, who in good faith administers either:

1. A non-prescription medication in compliance with the written permission of the pupils parent or guardian; or
2. A prescription drug, in compliance with the written order of a physician; to a pupil is not liable for civil damages as a result of administration except for an act of omission amounting to gross negligence or willful and wanton misconduct. The school shall keep on file the written permission of a pupil's parent or guardian and the written order of a physician.

Incompliance with the above (Indiana code 20-8.1-5.1-7.5, 34-4-16.5-3.5 as amended), it shall be the policy of The Shoals Community Schools: to wit:

1. No school employee will supply students with any internal medication.
2. A physician's order and a parent's note explaining the exact time and means of administering the prescription and non-prescription medicines must be on file before medications will be administered.
3. All medications are to be brought in the original container. Prescription medication is to be labeled by the pharmacy or by the doctor.
4. Only enough medication for a week is to be brought to school if it is possible to divide the medication.
5. All medications must be left in the respective principal's offices or the nurse's office and shall be distributed from same.

the nurse or office personnel and the student is responsible for reporting to the office to take same. In grades Kindergarten (K) through six (6) all medications are to be maintained by either the nurse or the elementary office and may be distributed to the student by the nurse or office personnel.

7. A student with a chronic disease or medical condition may possess and self-administer prescribed medication for the disease or medical condition as long as the parent has filed a written authorization with the principal. The authorization must include a physician's order stating that the student has an acute or chronic condition, or medical condition that the emergency medication is prescribed for, and that the student has been instructed on self-administration of the medication. The above information must be filed annually.
8. The Board expressly recognizes that the statute allows, but does not require, the school to supervise or administer medication. Therefore medication will be administered or supervised only under the conditions here in set out. The Board also recognizes that school personnel may refuse, within their rights, to administer or supervise the medications.
9. The Board also recognizes that some students may maintain their own medication and not make school officials aware of such medication. In these cases, the students are not in compliance with school rules nor Board Policy, and neither the school nor the Board accepts any responsibility for such student. The burden of notifying the school must, of necessity, lie with the student or their parents, as it regards medication or other health problems.
10. This medication policy, in no way, limits school officials from administering emergency first aid when such is deemed necessary.

Immunizations:

When a child enters the Shoals Community Schools for the first time or any subsequent time at any level, his/her parents or guardians must show that the child has been **immunized** by filing a physician's statement that includes a schedule of immunizations, or file a parental objection to immunizations based on religious grounds. **No child shall be permitted to attend school beyond the first date of his/her enrollment without furnishing a written statement of immunization unless:**

1. The school gives the parent/guardian of a child a waiver not to exceed 15 days.
2. The local health department or a physician determines that the student's immunization schedule has been delayed due to extreme circumstances and that the required immunizations will not be completed before the student's first day of school. In this case the parent/guardian shall furnish a written statement and a time schedule approved by a physician or the local health department, for the completion of the immunizations.

Students entering the Shoals Community Schools for the first time are required to have a physical examination. Notification of Availability of Asbestos Management Plan:

The 1987 Asbestos Hazard Emergency Response Act (AHERA) required asbestos inspections of all public and private schools (K-12 grades) to identify asbestos containing building materials. After the inspection, an Asbestos Management Plan was developed to safely manage the identified asbestos in each school facility.

To ensure that the identified asbestos containing materials are maintained in a safe condition, AHERA also requires that the asbestos materials be checked every 6 months by trained school personnel and that these materials be re-inspected by an IDEM ac-

credited inspector every three years for as long as the materials remain in the building.

The six month periodic surveillance inspections are routinely being conducted and the second triennial asbestos re-inspection of all school facilities has just been completed. The surveillance and re-inspection reports can be found in the Record keeping Section of the Asbestos Management Plan.

Anyone wishing to view a copy of the Management Plan for an individual school will find it available in the Principal's office of each school. The Management Plan for all of the schools in the school corporation is available for your viewing in the Superintendent's Office. The Management Plan may be copied at a nominal fee of 10¢ per page, during regular business hours by notifying the school in advance to prevent scheduling difficulties.

Pest Control Policy

The Shoals Community School Corporation is committed to providing students a safe environment. It seeks to prevent children from being exposed to pests and pesticides. While pesticides protect children from pests that may be found in the school and its surrounding grounds, under some circumstances they may pose a hazard to children. Therefore, pest control practices may involve a variety of chemical and non-chemical methods that are designed to control pests effectively while minimizing potential pesticide exposure to children.

Pesticides will be applied by certified pesticide applicators and when students and staff members are not present such as during non-instructional time or school vacation periods.

The corporation will:

1. Inform annually parents and staff members of the corporation's pest control policy as a provision in the student handbook.
2. Provide the name and phone number of the person to contact for information regarding pest control.
3. Establish a registry of parents and staff members who want to receive advance notice of all pesticide use and provide such notice.
4. Provide notice of planned pesticide applications to parents and employees who have requested advanced notice.
5. Provide notice of all pesticide applications to school nurses.
6. Maintain written record for at least two years of any pesticide applications. The corporation will provide notice at least two school days prior to the date and time the pesticide application is to occur. The notice will include name or address of the school, applicator information, the date and time of the pesticide application, pests being targeted, the general area where the pesticide is to be applied, pesticide(s), and the amount of pesticide.

Advanced notice is not required for the following pesticide applications: 1) When used in normal cleaning activities: germ killers, disinfectants, sanitizing agents, water purifiers, and swimming pool chemicals; 2) personal insect repellants when self-applied; and 3) gel baits or manufactured enclosed insecticides when used where students and staff members do not have access to the insecticides; 4) immediate student health threat situations (i.e. stinging wasps and bees); 5) areas completely away from student-occupied buildings and areas; 6) those made more than 48 hours before a scheduled school day.

In case of emergency pesticide applications because of immediate threat to the public health, the school shall give written notice as soon as possible.

The corporation may provide for training of school employees to become certified pesticide applicators. Financial support for such training may be provided by the corporation subject to budgetary constraints of the corporation.

The Superintendent shall prepare and disseminate regulations for the implementation of this policy. To be included in the notification registry, contact the Superintendent's Office at 812-247-2060.

The requests for these books will be addressed on a first come, first serve basis, and will be subject to availability of the books. When the visitor wishes to talk with a teacher, the teacher shall have the discretion of the meeting place.

Educational Programs:

Each year students and schools receive information/literature that is designed to enrich a promoter at the expense of students or their parents. Some are disguised as honors or educational programs and charge membership fees of up to \$50. Our school participates only in sanctioned activities approved by the national and state principal's associations. If you have questions regarding the authenticity of any programs, please feel free to contact the school counselor.

Shoals Jr/Sr High School will not present certificates at Honor's Night from groups who charge a membership fee. Some examples of associations who charge membership fees are Who's Who in American High School Students, The National Society of High School Scholars and National Honor Roll. Shoals Jr/Sr High School will also not present any awards to students at Honor's Night that have been purchased by parents.

School to Work Policy:

A limited number of students may be selected for this program by the internship committee if the student maintains a GPA of 1.67 or above, has excellent attendance, good citizenship, a valid drivers license, reliable transportation and scheduling with work & school is possible. We will try to provide as many work sites and work areas as possible. The number of students scheduled will be dealt with on an individual basis.

The student is required to keep a daily logbook of his/her activities and will submit a final report highlighting his/her experiences as an intern.

Work Permits:

By Indiana State Statute, all students must have full class schedule; hence students may not be granted early release for the purpose of working except those students on an approved vocational program. All students between the ages of 14 and 18 must have a work permit.

The first step in securing a work permit is to get an "intention to employ" card to be filled out by the prospective employer. These cards may be secured in the Jr/Sr High School office. The "intention to employ" card is taken to the employer, who fills it out by listing the student's name, address, and kind of work that he/she will do. The name of the business, address and signature of the employer are also written on the card. The student and one of his/her parents must also sign the card. The second step in securing a work permit is that the student bring the "intention to employ" card, filled out, and his birth certificate to the Jr/Sr High School office. The birth certificate must be seen and recorded by the person issuing the work permit. You must have a new card if you switch employers.

The process for obtaining a card during summer vacation periods will be done through the central office.

Under Indiana law, school corporations have the right to deny a work permit to a student whose academic performance does not meet the school corporation's standards or whose attendance is not in good standing. They also have the right to revoke a work permit previously issued to a student if the school determines that there has been significant decrease in the student's grade point average or attendance after he/she begins work. When it appears that a job is detrimental to a student's academic status, it is our responsibility to advise the parents and employer so we can work together to ensure that the student's education remains the primary focus.

Therefore, it is important for students, parents, and employers to know the guide-

lines that accompany the responsibility of being a working teen.

Grades

1. A student must pass five credit classes before a work permit will be issued.
2. If a student does not pass five credit classes after a work permit has been issued the student's parents and employer will be sent a letter and the student's work permit will be revoked.
3. The work permit will be reissued to the student when they are passing all five credit classes.

Attendance

1. A student may not be absent from school more than ten days in a semester. Medical reasons will be addressed on an individual basis.
2. If the student's record of unexcused absences is more than the allowed ten in a semester, the student's employer and parents will be sent a letter and the student's work permit will be revoked.
3. The work permit will be reissued if the student's attendance reaches an acceptable level during the semester.

Should the work permit be revoked at the end of the school year, special provisions will be given to that student and he/she will be allowed to work during the summers while school is not in session. However, such students will lose their work permit at the start of the new school year until they meet the attendance and grade standards established by the school for receiving a work permit.

The student has the right to appeal this decision, but the school will override its decision only upon a student's demonstration of just cause. Appeals are made to the school principal in writing.

Physical Education Credit Waiver Instructions (New in 2011-2012) Athletic Participation (Physical Education Waiver)

The Indiana Department of Education and Shoals Jr./Sr. High School now allows for students who participate in school sponsored athletics to gain credit in order to fulfill the state's physical education requirement. Any student who completes a high school sport season in good standing (signed off by the varsity coach upon completion of season) will receive a semester of credit for physical education. Students will need to complete two sports in order to meet the PE requirement for the full school year. This can be in two different sports during the same school year. Students will get the participation waiver form from the guidance office. Once the form is completed it must be signed by the varsity coach of the sport involved. The varsity coach will sign even if the level of participation is expected to be freshman or junior varsity.

Students:

- Fill out the application form with your name, grade, and circle the sport chosen.
- Parent and student print names and sign the application.

Eligibility for Extracurricular Activities

The Board of Trustees of the Shoals Community School Corporation recognizes that extracurricular activities are important enrichment experiences. However, it is the position of the Board that participation in such activities is a student privilege and not a student right. Therefore, students must be in good academic standing and have good citizenship before they devote time to extracurricular activities. The following eligibility requirements must be met before a student can participate in activity clubs, athletics, student council, overnight trips, and/or trips consuming class time with the exception of authorized class field trips.

Extracurricular activities are defined as those activities that students participate in outside the regular school day that are not mandatory to meet course requirements. The student's grade will not be determined by whether he/she participates in the activity. These activities may or may not be related to a specific course offering.

Co-curricular activities are defined as activities that students can be involved in order to partially fulfill the requirements of a particular course. The student's grade may be determined in part by participation in the activity.

In order to participate in the above mentioned extracurricular activities, a student must be in good standing with the school in an academic and behavioral sense. This means:

1. To participate in academic extracurricular activities such as Spell Bowl and Academic Team, a student cannot have any failing grades on their report card. If a student does not meet this standard, he/she will not participate in extracurricular activities during the next grading period. A student not meeting this standard during the last semester of a school year will not participate in extracurricular activities during the first grading period of the next school year. Eligibility will be determined at the end of the first 9-week grading period, the semester grades at the end of the semester; at the end of the second 9-week grading period and the semester grades at the end of the second semester. F&P Classes will count as one of the five full credit subjects at the Jr. High level.
2. Any student who is assigned to Thursday school for any disciplinary reason, shall not be permitted to participate in extracurricular activities if they fail to attend the Thursday school on the date set by the school.
3. Any student who is suspended out of school, placed in the CASS program, or expelled from school shall not be permitted to participate or attend extracurricular activities until the day following their suspension.
4. Any student who is expelled from school for any disciplinary reason shall not be permitted to participate in extracurricular activities for one grading period following his/her return to school. During this time it is expected that the student will show intent to seriously pursue his/her academic education and fulfill his/her responsibilities as a student to the rules and regulations of the school.

Students returning in the fall from spring semester expulsion will not be permitted to participate in extracurricular activities for the first grading period of the new school year.

5. None of the above is seen as a forfeiture of the right and responsibility of the school administration to protect the image of the school by removing a student from participation in any extracurricular activity at any time that the student's participation is not in the best interest of the School Corporation.
6. None of the above is seen as a forfeiture of the right of coaches or sponsors of extracurricular activities to set additional approved rules which regulate participation of students in extracurricular activities.

Eligibility for Field Trip. A student is ineligible for a field trip if:

- You have been suspended out of school.
- You have missed ten or more days of school.

These requirements start over at the start of each semester.

 - j. Cheerleaders will sit together on the front row of the Cheering Section during Ball Games.
 - k. Cheerleaders will not sit and talk with their friends during the playing of a game. 100% of their attention is to be directed toward keeping spirit at a maximum during the game!!
 - l. Cell phones are not allowed at practice or games.
7. **Attitude** – Must have the ability to accept constructive criticism regarding personal appearance, skills or behavior. Must be able to adjust pleasantly to all situations so that the position of cheerleading will be one of extreme ac-

complishment. Must also accept the responsibility of maintaining a positive attitude toward fans and other squad members. Fighting will lead to dismissal from the team. Any negative attitude will result in disciplinary actions.

8. **Absences** – All cheerleaders will be at all meetings, practices and games. Practices will be scheduled as far in advance as possible, however, due to facility availability, some practices may be called on short notice. Illness may limit their participation in the above. If one is so ill that one cannot participate he/she or his/her parent should contact the coach by noon of the day of the practice or game. The Coach will determine if the absence is excused or unexcused. Many changes must be made when one member is out so this is a must. Should a cheerleader miss a practice under circumstances that are not excused or if he/she does not contact the coach by noon of the day of the event he/she will be benched one game. If this happens a second time he/she will be suspended from the squad for three games. If it happens a third time he/she will be suspended for the rest of the season.

Cheer camp tuition is also an expense of the cheerleader. It is approximately \$100.00. Fundraisers throughout the year will help pay for camps and supplies. No elementary, junior high or high school cheerleader will purchase their own uniform. The Athletic Department will keep and purchase all uniforms, pompoms and other necessary equipment. Also, each cheerleader must participate in scheduled fund raisers.

Cheerleader Tryouts

1. Candidates must be academically eligible to be able to try out for cheerleader. This will be determined by their final grades from the grading period ending prior to tryouts.
2. Out of town cheer coaches or college cheerleaders/lifters will select candidates in the spring. Cheer coaches can also be part of the selection process if they desire.
3. Each candidate will be judged on one cheer of their own, group cheer taught by the cheer coaches, one sideline cheer, jumps, gymnastics and part of the school song.
4. Depending on the number trying out, the cheer coach reserves the right to select the number of cheerleaders per squad. The Varsity Cheer Squad will not exceed 8 cheerleaders, the Junior Varsity Squad will not exceed 6 cheerleaders. There will be up to 6 cheerleaders in both the 7th and 8th grades.
5. The 5th and 6th grade cheer squads will not have tryouts. Any female student wanting to be on the cheerleading squad will be allowed to participate.

(Note: Grades 9-12 can serve as Varsity Cheerleaders; Grades 9-11 can serve as JV Cheerleaders. Grades 5, 6, 7 and 8 will serve their respective teams.)

6. Applications must be returned to coach before stated deadline. No application will be accepted after the deadline.
7. Cheerleaders must have a current athletic physical on file in the high school office.

Probation, Benching, Dismissal Criteria

Some behaviors as listed above bring about immediate probation, dismissal, or

benching. Others not listed may require discipline of some sort. Keep in mind that the cheer coach has the right to discipline any cheerleader who does not abide by the rules set forth.

CHEERLEADERS ARE MEMBERS OF A TEAM, AS A MEMBER OF THAT TEAM YOU MUST STRIVE TO MAKE THAT TEAM WORK WELL TOGETHER. ANY MEMBER WHO IS UNABLE TO WORK AS A TEAM WILL BE DISMISSED FROM THE SQUAD.

Shoals Community School Corporation Athletic Department Policies and Procedures As They Apply To Student-Athlete's Conduct Statement of Policy

As a student at Shoals Community School Corporation, every individual becomes a personal representative of the student body, school, and community. Every student athlete's conduct is under constant scrutiny and evaluation not only during the particular athletic season, but also throughout the school year. Therefore, a student athlete's appearance and conduct must be, at all times, beyond reproach. Participation in athletics at Shoals Community Schools is a privilege and not a right. A student athlete is supposed to be a good example as a student, as a citizen, and as an athlete to other students, parents, and community members in our school district and in other communities. With this tremendous responsibility in mind, the following is a statement of policy rules and general training rules applicable to all student athletes at Shoals Community School Corporation:

1. Any student who is suspended out of school, placed in the CASS program, or expelled from school shall not be permitted to participate or attend extra-curricular activities until the day following their suspension.
2. Any student who is expelled from school shall not be permitted to participate in extra-curricular activities for one full grading period after his/her return as in accordance with the Shoals Community School Corporation Board Policy Handbook. During this time it is expected the student will show intent to seriously pursue his/her academic education and fulfill his/her responsibilities as a student to the rules and regulations of the school. Students returning in the fall from a spring semester expulsion will not be permitted to participate in extra-curricular activities for the first grading period of the new school year.
3. Any student who is assigned to Thursday school for any disciplinary reason shall not be permitted to participate in extra-curricular activities if they fail to attend the Thursday school on the date set by the school.
4. None of the above is seen as a forfeiture of the right and responsibility of the school administrators to protect the image of the school by removing a student from participation in any extracurricular activity at any time that the student's participation is not in the best interest of the school corporation.
5. None of the above is seen as a forfeiture of the right of coaches and sponsors of extracurricular activities to set additional approved rules that regulate participation in extracurricular activities.
6. A student athlete must obey all "training rules" at all times during the school year, especially the general rules of no unauthorized late hours, the non-use of alcohol, tobacco, and unauthorized drugs.

7. A student must return all equipment issued or pay for the replacement of any item not returned.
8. If at any time an injury or disability is incurred by the student athlete such that the student athlete is unable to participate in the current sport the athletic director and head coach of the sport involved will determine whether an award shall be given.
9. Participation in an athletic team at Shoals Community Schools is allowed at the discretion of the coach of that team, subject to review by the principal, in accord with Indiana Law and the requirement, where applicable, of minimum due process of law.
10. All rules and regulations established by the I.H.S.A.A. must be met and maintained. This includes having a current athletic physical on file that meets I.H.S.A.A. guidelines.
11. All rules and regulations in this conduct code apply to athletes, cheerleaders, and student managers.

Statement of Rules

Drugs/Alcohol/Tobacco Policy

All rules and regulations concerning the providing, using, or possessing drugs, alcohol, or tobaccos are outlined in the Shoals Jr/Sr High School Student Handbook. Questions regarding propriety will be referred to the Student Handbook.

Any suspension/expulsion/discipline action taken by the Athletic Department will be in addition to suspension and/or expulsion from the school day recommendations by the Jr/Sr High School Principal.

Violation and Appeals Process

Violations of any one or more of the above rules may result in the loss of athletic privileges.

These violations will be considered regardless of the following stipulations; time of year; sport season; before, during or after the school day.

Any student athlete denied athletic privileges shall have the following appeal process:

1. During a sport season, the first appeal should be made to the coach.
2. The second appeal should be made with the Athletic Director.
3. The third appeal should be made with the Principal with his decision being final and binding.

It would be in the best interest of the athlete that the appeals process be completed as quickly as possible. The student due process deadlines could be used as maximums for the school officials to give their determinations.

1. The sale, possession, or use of alcohol or any form of tobacco.
 - a. First Offense—

DANCE TEAM

Dance Team

The Shoals Dance Team members are required to follow all school rules and to conduct themselves as positive representatives of their school at all times.

In order for the dance team to be successful, individual members must be co-operative, positive, and loyal to the organization and other members. Poor attitudes have no place in the organization and will not be tolerated. You are expected to work hard and be willing to make this a priority.

All candidates must be aware of the additional guidelines below and agree to follow them before the season starts.

Guidelines

1. Grades: A "C" average with no "F's" must be maintained in order to be eligible. Team members who fail to meet grade requirement may be re-instated at the end of the next grading period if grades improve. Even while on grade suspension, attendance is required.
2. The Shoals High School Athletic Code of Conduct will be observed.
3. Conduct unbecoming to a positive representative of the school, in or out of uniform, may be cause for suspension.
4. Attendance is expected the entire school day prior to and after a performance. Exceptions to this are at the discretion of the director and principal.
5. Attendance at all practices, games, or other scheduled activities is required unless prevented by illness or other reason approved by the director. Missing a game for an unapproved reason will result in 1 game suspension. Missing practice for a particular performance may result in being replaced for that routine. Missing 2 performances for either of these situations will result in dismissal from the squad.
6. Practice will not be held unless director is present. The director will make arrangements for use of the school facilities.
7. Anyone who does not know the routine well enough to perform it, will not perform. Anyone ineligible for 3 routines for this reason may be replaced permanently.
8. Captains or representatives will be appointed by the director. These positions are to be respected and their decisions must be followed.
9. Visible tattoos or body piercing, other than ears, is not permitted. You cannot wear any jewelry to practice or performances.
10. Captains and director will make all decisions as to music and uniform selections. All routines and music selections are to be of an appropriate nature and will be approved by the director.
11. Members and their parents must accept financial responsibility for the cost of: *Summer camp, shoes, tights, black practice dance pants, etc ...*
12. Being chosen for the dance team does not necessarily mean being chosen for the competition team. The decision on who makes the competition team will be left up to the director. Attendance is **MANDATORY** when learning the competition routine.
13. Members and their parents will do their part in all fundraisers for the team.
14. Conflict policy as outlined in the athletic handbook will be followed if conflicts arise with practices/games, etc. of other groups.
15. Dance awards will be given at the end of the school year at the annual Band

Awards Night. Captains will receive Captain pins. First year dance members will receive dance shoe pins. All dance team members will receive a chevron bar pin, a school year pin, and a certificate of participation.

Rehearsal Expectations

1. **Get rid of gum, food, drinks, etc.** – When students enter the band room, they should leave gum, food, candy, drinks, etc. in the trash or in their locker.
2. **Be on time** – Students should make sure they are in the room by the time the bell is finished. Band students should be in their seat with their instrument, music, and a pencil 5 minutes after the bell.
3. **Be respectful during rehearsal** – Students should be aware of what is going on in the rehearsal even if the director is not working with their section. This requires staying focused, remaining in their seat, and *paying attention instead of talking* to the person on the other side of the room, working on other homework, etc. Ipods, Ipads, cell phones, etc. should be kept in their locker so they won't be distracted by them.
4. **Put everything away** – At the end of rehearsal, students should put all instruments, music, etc. away in their proper locations. This includes all percussion equipment. Students should put *only* their instrument in its appropriate locker. Keep the lockers free of excess notebooks, papers, books, etc. Those materials go in your locker in the hallway. Students' music should be kept in your folder, and your folder goes in your folder slot. DO NOT leave music and folders lying around the room. That's how music gets lost. Keep track of it!

Grading

Each student will receive 10 rehearsal points for each day we are in class. This is for participating effectively in the rehearsal. If the student becomes disruptive by not behaving up to the expectations listed, the student will receive one warning. After the warning, if the student continues the disruptive behavior, points may be deducted from his/her rehearsal points. Phone calls/emails to parents may be sent as well.

For each public performance, students are given 100 points. Students are expected to attend and participate in every public performance. If a student does not attend a performance, that student will not receive their points for that particular performance unless they have turned in an excused absence note from a parent prior to the performance. If a student is sick on the day of a performance, that student's parents may call or send an email to the director. Contact information is listed in this packet of information. Excused absences include personal illness, death in the family, or involvement in another school event. If there is another situation that has come up in which a student cannot attend and the director feels that it should be excused, he will deal with each situation individually as he sees fit. Examples of performances include: pep band games, concerts, festivals, parades, etc.

If a student is out of uniform in any way for a performance, that student may not be allowed to perform, depending on which performance it is, and/or will not receive credit for that performance (see the dress code section of this handbook).

Every couple of weeks we will have playing tests during class. Materials covered on the playing tests could include passages from music we are working on, scales, etc.

Students must play the selected passage, scale, etc. and points will be given based on the students' ability to perform the selected passages of music. They will be graded on elements of music such as note accuracy, rhythmic accuracy, tone quality, dynamics, tempo, articulation, posture, etc.

Elementary Band students will have Weekly Practice Records to fill out. This is their "homework." They will be required to practice their instrument at home for at least 30 minutes each week. This could be five minutes each day or 30 minutes all at once, but it needs to be a total of 30 minutes of practice each week. They should be practicing music that we are working on in class, scales, holding out long tones to work on tone, breathing, etc. Practice records will be turned in every Monday. They must have the student's and the parent's signature to be valid.

Materials Needed

High School Band members will have a marching band uniform provided (marching shoes must be purchased by the student at the beginning of the school year), a pep band shirt which the students will purchase, band polo shirt will be provided, and black dress pants/skirt and shoes purchased by each student.

Junior High Band students will need to purchase a Junior High Band Shirt and black pants/skirt and shoes for concert attire. If a junior high student is asked to participate in Pep Band, he/she will need to purchase a pep band shirt as well. Sixth Grade Band students will need to purchase a Sixth Grade Band shirt, black pants/skirt, and shoes.

All band students will need their proper instrument, folder, music, books, pencils, reeds, valve oil, sticks, mallets, etc. I can order reeds, valve oil, etc. through Paige's Music for you if you need supplies.

Chorus students will need to purchase a Chorus shirt, and black pants/skirt and shoes. There will be some performance sin which the Chorus will wear the black dresses (for girls) and vests (for boys) that the school owns. They will be provided with those. They will also need their folder and music every day in class.

Dress Code

Students will wear band polo shirts, black dress pants/skirts, and black dress shoes for concert band performances, with the exception of Festival of Bands. Pep band shirts will be worn for all pep band functions, including all home basketball games, Pep Band Invitational, etc. Marching band uniforms will be worn for all marching events, including parades, IU Band Day, etc., and Festival of Bands. The director reserves the right to change the dress code for each performance if needed. Dress code for choir performances will be at the discretion of the director.

Uniform Care

The band department provides a marching band uniform for every High School band member. Band members are responsible for providing and caring for their own marching shoes. Marching shoes will be ordered at the beginning of the school year.

Band members are expected to observe the following points to present a neat personal appearance:

1. Shoes should be polished
2. Gloves should be clean and white (when applicable). Finger holes cut out for woodwinds should not be frayed or ragged.

3. Hair should be properly groomed. Long hair must be worn up under the hat during marching performances.
4. Girls should avoid wearing heavy makeup.
5. All buttons should be buttoned.
6. Suspenders should be adjusted so the trouser length is correct.
7. Trouser bottoms should be worn no higher or lower than about two or three inches from the ground.
8. Never wear an incomplete uniform in public.
9. Sunglasses, medals, rings, and other accessories may not be worn.

Equipment Care

The band department will provide instruments for those students who do not have their own instrument. An Instrument Rental and Care agreement should be filled out and signed by the student and his/her parents at the beginning of the school year. The rental fee is due at the beginning of the school year to the High School Office (ECA-Instrumental Account). Each band member is responsible for the proper care and condition of the instrument for the length of the agreement. Any damages or serious malfunctions should be reported to the band director. Damages due to the negligence of the student will be charged to the student. If the instrument is lost or stolen while away from the band room, the student must reimburse the band for the cost of the instrument.

A privately owned instrument is the responsibility of the student who owns it. Students should check with their parents to see if the instrument is included on their homeowner insurance policy. Before purchasing an instrument, students should consult with the band director.

Music

Do not fold, tear, or otherwise damage sheet music or pep band folders. Due to the expense of music, the habitual loss or damaging of music will call for the student to be charged to replace it. Personally owned music is the responsibility of the student.

Each student will be assigned a slot for their music folder in the music rack. Inspection of the folder can occur for a grade. Do not put your music in anyone else's folder. The student is responsible for hi/her own music.

Marching Band Shoes.	\$26.00
